Conway's All the Worlds Fighting Ships,1860-1905By Gerry WrightBy far the most authoritative book on warships by far. Conway's All The World's Fighting Ships 1860-1905 is the first complete listing of all major warships built in the period between the first ironclad and the Dreadnought. The book is organized by country, sub-divided chronologically by ship type and class, with detailed tabular data and design history.(Goodreads)
