Raymond W., Jr. Thorp, Robert Bunker : Crow Killer, New Edition: The Saga of Liver-Eating Johnson before purchasing it in order to gage whether or not it would be worth my time, and all praised Crow Killer, New Edition: The Saga of Liver-Eating Johnson:

0 of 0 people found the following review helpful. some of his life stories inspired fictional characters like Robert Redford in "Jeremiah JohnsonBy JohnCrow Killer is a phenomenal book in the genre of American history and life in the West, when it was truly wild. I read it all in one sitting, because I couldn't put it down. The exploits of Johnson, by

far, surpass anything a fiction writer could imagine. In fact, some of his life stories inspired fictional characters like Robert Redford in "Jeremiah Johnson." This book gives us a glimpse of life during a time where there is little documentation, which is truly unfortunate. This has adventure from beginning til end. I highly recommend it. 1 of 1 people found the following review helpful. A must read for those interested in the early west. By recon buff. In the early 1980's I had an original copy of Crow Killer. I think this one is different or by a different author. In the original it told of John Johnston's escape from the Blackfeet, but he crawled for a considerable distance. He had been beaten by the Blackfeet and was infected on his back with maggots. He awoke during the night after his escape to find a great "White Bear" feeding on the maggots which had eaten all the dead flesh on his back. The bear ate the maggots then left. The Mountain Men of that era called Grizzly a white bear bear. It is commonly referred to as a "Silvertip" now. This book is very much worth the time to read. 0 of 0 people found the following review helpful. very good book. By bandit. I had no idea, very interesting book. no comparison to the movie. but still my most favorite movie.

The movie Jeremiah Johnson introduced millions to the legendary mountain man, John Johnson. The real Johnson was a far cry from the Redford version. Standing 6'2" in his stocking feet and weighing nearly 250 pounds, he was a mountain man among mountain men, one of the toughest customers on the western frontier. As the story goes, one morning in 1847 Johnson returned to his Rocky Mountain trapper's cabin to find the remains of his murdered Indian wife and her unborn child. He vowed vengeance against an entire Indian tribe. Crow Killer tells of that one-man, decades-long war to avenge his beloved. Whether seen as a realistic glimpse of a long ago, fierce frontier world, or as a mythic retelling of the many tales spun around and by Johnson, Crow Killer is unforgettable. This new edition, redesigned for the first time, features an introduction by western frontier expert Nathan E. Bender and a glossary of Indian tribes.

..". warrants a place on any shelf of Western Americana." San Francisco Chronicle, reviewing a previous edition or volume""Spectacular to repellent, this is a part of Western life as it must have been..." Kirkus s, reviewing a previous edition or volume".." [Johnson] emerges as flesh and blood, with the emphasis on blood. His story is the material from which grand opera might be made." Saturday , reviewing a previous edition or volume""It s a robust story, almost incredible a saga of hardship, cruelty and terrible dangers through which John Johnson, tough and shrewd as he undoubtedly was, did not emerge unscathed. This is the stuff of folklore at its authentic best."
