G. W. Williams : Days of darkness: The Gettysburg Civilians before purchasing it in order to gage whether or not it would be worth my time, and all praised Days of darkness: The Gettysburg Civilians:

0 of 0 people found the following review helpful. If you're headed to Gettysburg, start here!By Jo Anna T."Gettysburg" (book movie) helped us understand the battle. "Days of Darkness" shows vividly how that battle affected the inhabitants of the town and countryside. I was a Civil War re-enactor for a number of years, and have recommended this book to many. It's especially handy for women, to help us fill out our personas of wives, sisters and daughters in towns under siege. I finished this book as my plane touched down, and used it as a guide for my visit. Everything made so much more sense than if I'd just gone in with the little bit of history most of us know!6 of 6 people found the following review helpful. The other battle of GettysburgBy Todd E. NewmanPeople tend to think of the battle of Gettysburg and consider the famous fields such as Pickett's Charge, Wheatfield, Little Round Top and Culp's Hill to be the history while the civilians in town shared their own battle. The entire town was littered with sharpshooters, Confederate soldiers, the wounded and prisoners. The Gettysburg people were basically caught up in this fray and this book demonstrates the horrors and hardships that these people witnessed. Personal accounts are placed together in almost a novel-like format which places the reader quite easily within the action itself. Stories such as housing the wounded, losing a home, sharing food with the soldiers caught up in battle and witnessing the bloodshed are among the many stories within this great book. It is a must read for those looking to understand Gettysburg completely.0 of 0 people found the following review helpful. Must reading for all who are interested in the Civil WarBy Francis MinerAfter reading this book we visited Gettysburg with new insights and understanding.

Days of Darkness is the story of the battle as seen through the eyes of those who were forced to hide from the fight yet deal with its consequences. Williams brings the stories and the experiences of many Gettysburg residents to life through this novel treatment of history.

From the Publisher15th Anniversary Edition with a new introduction by the author, William G. Williams.
