The history behind Bernard Cornwell's "Sharpe" seriesBy Matt HelmKindle Readers: Use the "Look Inside" feature to make sure you are getting a readable copy. At least one of the cheap versions offered at this date is a poor PDF/OCR barely intelligible copy full of typos. Having said that, here is a pleasantly readable history that goes into great detail recounting the events of the Napoleonic war in Spain and Portugal. If you enjoyed the fictional adventures of Richard Sharpe, you will be pleasantly surprised that a historian writing at the start of the 20th century can make the events of a long-past conflict come alive with quick character sketches and straight-forward accounts of battle action. The politics, economics, and ambitions that created a great clash of empires are told at a personal level.1 of 1 people found the following review helpful. A True Classic of History Scholarship and WritingBy TBOman's history of the Peninsular War is justly esteemed as the definitive history of this conflict. It is very readable even though also very detailed and very long. If you have the stamina to read

this initial volume of Oman's work, you will be rewarded by a fascinating story well told. I highly recommend it, particularly to students of military history or of the Napoleonic era.0 of 0 people found the following review helpful. Oman is topsBy David J. MaschekSir Charles Oman is still the gold standard for Peninsular War histories.

Sir Charles Oman's monumental study is unquestionably the most complete and readable account of the Peninsular War ever written; it is also breathtaking in its scope and detail. The seven volumes chart the course of the war, from its opening shots in 1807, to the final expulsion of the French from Spain and invasion of France in 1814.

About the AuthorPaddy Griffith is a freelance military historian based in Manchester. His groundbreaking books on low-level tactics include "Forward Into Battle" (1981 and 1990), "Battle Tactics of the Civil War" (1986) and "Battle Tactics of the Western Front" (1994). He has also written extensively on wargames, and is currently active in the South Manchester Tactical Society and in the Battlefields Trust. The author lives in Manchester, UK.
