**Sebastian Gorka : Defeating Jihad: The Winnable War** before purchasing it in order to gage whether or not it would be worth my time, and all praised Defeating Jihad: The Winnable War:

Awesome and scary By Norma Jean Fritz What you will learn from this book is that you can't negotiate with barbarians who believe that Jihad against non-believers for their annihilation is a holy goal. The Jihad leaders are very adept at using the Internet and social media to spread their hateful ideology. They are not the "JV" team. They are experts at what they do. In the final chapter Gorka tells us we can and must do to

defeat Islamic terrorists and their organizations. One of the first steps is to educate yourself, because the MSM is not reporting what they should. 0 of 0 people found the following review helpful. Awesome Insight from White House Insider By Doug Holland Defeating Jihad is an excellent read and was one of those books that I have not been able to put down. Sebastian Gorka not only has expertise on the subject, having taught at military academies and other prestigious institutions, he is also on the White House staff advising the administration on matters of combatting extremism and terrorism around the world and here at home. 15 of 17 people found the following review helpful. This enemy is right in front of us and we are collectively putting our heads in the sand and pretending it will go away just like Hitler. I don't want this to fester and explode. We should be dealing with this threat immediately. Our current Political Protectors are Non-existent and helping this evil regime more than they are protecting America.

Since September 11, 2001, America has been at war. And that's about all anyone can say with certainty about a conflict that has cost 7,000 American lives and almost \$2 trillion. As long as the most basic strategic questions—Who is the enemy? Why are we fighting?—remain unanswered, victory is impossible. Yet this war is eminently winnable if we remove our ideological blinders, accurately name our enemy, and draw up a strategy to defeat him. So says Dr. Sebastian Gorka, one of the most experienced and sought-after authorities on counterterrorism. Our enemy is not “terror” or “violent extremism.” Our enemy is the global jihadi movement, a modern totalitarian ideology rooted in the doctrines and martial history of Islam. Taking his cue from the formerly top-secret analyses that shaped the U.S. response to the communist threat, Dr. Gorka has produced a compelling profile of the jihadi movement—its mind and motivation—and a plan to defeat it.

“Concise, clear, and constructively combative, Dr. Gorka’s book stands apart in its depth of understanding of Islamist terrorists and what their ultimate defeat demands of us. Above all, his defiance of political correctness makes this well-written, finely argued work of immediate practical value. The author has presented us with an inspiring defense not merely of intellectual integrity—so lacking among today’s intelligentsia—but of our civilization.”—RALPH PETERS, Fox News strategic analyst and author of *Valley of the Shadow* “Dr. Sebastian Gorka is one of the world’s leading experts in asymmetric warfare. In *Defeating Jihad* you get a glimpse of why his opinion matters in councils of war and in academia. He combines the perceptive with the analytic, the piercing intellect with the grit of real-world experience.”—STEPHEN K. BANNON, executive chairman of Breitbart News “America is at war, an unconventional war against a new totalitarian enemy. Sebastian Gorka understands this kind of war and the mind of our new enemy. This book provides America with a strategy to destroy ISIS or any group that follows the ideology of global jihad.”—LT. GEN. CHARLES T. CLEVELAND, U.S. Army (Ret.), former Commanding General of U.S. Army Special Operations Command, home of the Green Berets “For years Dr. Gorka has been telling the truth about the existential danger of jihadism. The threat is real and it is here in America. With ISIS even more dangerous than Al Qaeda, it is time to listen to what this man has to say. Defeating Jihad must be the foundation of our next commander in chief’s plan to win this war.”—CONGRESSMAN TRENT FRANKS (R-Ariz.), member of the House Armed Services Committee “This is a tremendous book!”—TRISH REAGAN, On Fox's *The Intelligence Report*
