In *Developments in Russian Politics 8*, leading experts provide a broad-ranging assessment of Putin's third term in power. All essays are either new or comprehensively rewritten for this volume, and cover executive power, parliamentary politics, the electoral process, the rule of law, foreign policy, the economy, and the military. They also address matters concerning Russia's media and political communication in the digital age; society and social divisions; protest and challenge; and future trajectories for Russian politics. *Developments in Russian Politics* remains the first-choice introduction to the politics of the world's largest nation. Contributors. Vladimir Gel'man, Henry E. Hale, Philip Hanson, Kathryn Hendley, Margot Light, Jennifer Mathers, Ian McAllister, Sarah Oates, Thomas F. Remington, Graeme Robertson, Richard Sakwa, Darrell Slider, Svetlana Stephenson, Stephen White, John P. Willerton

“This book is the most useful compendium for teaching contemporary Russian politics currently on the market... Recommended.”
