This book will make you look at history from a another view. The book is packed with so much information with things you may know, but it has so much in these pages of things you may not know

that why this book is a must read.I know the man that wrote this book he is a family member and I am very proud of how he put this book together.Devour US Not is for the old and the young and for all the people.3 of 3 people found the following review helpful. Awesome book for not only Black History but American History!By Marricarr K MorrisThis was more than just a good read...it helps portray America in a light from many different views! Shared with my Principal, History Teachers Counselors and all agree this should be a book of choice for school-Sociology, History collegiate classes! Rich in American History not just Black History!

African-American history is the result of all Americans coming together to fight the cancer of hate that has woven its cell far too long. A house divided will not stand. America is too great of a country for race animus
