This book was originally published prior to 1923, and represents a reproduction of an important historical work, maintaining the same format as the original work. While some publishers have opted to apply OCR (optical character recognition) technology to the process, we believe this leads to sub-optimal results (frequent typographical errors, strange characters and confusing formatting) and does not adequately preserve the historical character of the original artifact. We believe this work is culturally important in its original archival form. While we strive to adequately clean and digitally enhance the original work, there are occasionally instances where imperfections such as blurred or missing pages, poor pictures or errant marks may have been introduced due to either the quality of the original work or the scanning process itself. Despite these occasional imperfections, we have brought it back into print as part of our ongoing global book preservation commitment, providing customers with access to the best possible historical

reprints. We appreciate your understanding of these occasional imperfections, and sincerely hope you enjoy seeing the book in a format as close as possible to that intended by the original publisher.

""The Confederacy's woman diarists left us our best inside view on the daily life of the people of the South in wartime. They had the leisure to write, were deeply invested in the war effort, and afforded a more nuanced view than many men. Standing tall among those that have survived is Judith Brokenbrough McGuire's wonderful inside portrait of life in Richmond's middle class. Thanks to editor James I. Robertson's exhaustive annotations, her daily entries cast even more light now than before, transforming what has always been an important book into a vital foundational document on the inner life of the doomed Confederacy."--William C. Davis, author of *Lincoln's Men: How President Lincoln Became Father to an Army and a Nation* -- ""Long valued by students of the Civil War, Judith McGuire's vivid account suffered from inadequate context -- until now. At the hands of a master chronicler of the war, we now can read McGuire with fresh eyes and relive with her the hopes, tribulations, despondency, and endurance of a singular southern woman."--Nelson D. Lankford, editor of the *Virginia Magazine of History and Biography* and author of *Cry Havoc! The Crooked War to Civil War, 1861* -- ""Erudite, devout and uncompromising in her loyalty and love of Virginia and the South, Judith Brockenbrough McGuire experienced the American Civil War early as a refugee from her home in Alexandria and remained true to the Confederacy until the close of the conflict. Ably edited and annotated by the distinguished author and historian, James I. Robertson Jr., McGuire's diary exhibits the dignity and poignancy with which she confronted the many challenges and travails thrust upon her amidst the maelstrom of war."--Brian Wills, Director, Civil War Center, Kennesaw State University" -- About the Author James I. Robertson Jr., Alumni Distinguished Professor Emeritus of History at Virginia Tech, is the author of *Stonewall Jackson: The Man, the Soldier, the Legend*.
