Enjoyable Book !By BobMAN enjoyable book , It is an interesting diary of 27 missions over North Korea. The aircraft, the crew and gives a very good picture of what it was like to be a tailgunner in a B-29 in a combat environment. Not for me, to confining. all your friends and family. Great book on some of the history of the Korean War. Write more! Go Ron! 1 of 1 people found the following review helpful. Excellent Read! By Big Time Reader Wonderful story about the Korean War, a War that was indeed Forgotten and never even appropriately given the right recognition. Good Job Ron!

This book is about my experiences as a Tailgunner on a B-29 in Korea, during the Korean war. I am hoping that it will give an insight to what this war was about. Although people call it a conflict, we as veterans of this conflict think otherwise, we believe it was a war. Come ride along with me on some 27 combat missions over North Korea. Venture into the night life on a B-29 at 29,000 ft. over the mountains of Korea, see the snow covered barren lands, hoping that we don't end up there. It also covers a little about my growing up and how I became a tailgunner, the extensive training it takes to become a crew member. Enjoy the book, I am sure you will

About the Author I do not consider myself an Author like most of the Authors. However I wanted to write this book to give to my grandchildren, so that they will not forget this old man. I have worked at IBM as an engineer and later as a Graphic Designer. Actually I can say I love life and try to live it to the fullest. When I came home from the service I met my lovely wife Louisa. We had three children, Christopher, Renee' and Kevin, And now I have 5 Lovely Grandchildren, Sheridan, Emersen, Ian, Andrew and William and two lovely Daughter-in-laws Karen, and Anita and a great son-in-law David. Before our family grew Louisa and I travel all over the world. Places like Italy, China, Australia and many other places. I have been thinking about writing about these experiences.
