After purchasing this book and sharing it with my mother, she was almost in tears. The author does a good job pointing out the great places which are important to most African Americans. It would be nice to have this kind of summary for all cities. I highly recommend this to all, even non-African Americans. Enjoy!!!0 of 0 people found the following review helpful. Black New YorkBy Bernadette BrownEven though now over 10 years old, the information contained within was still very relevant and extremely useful. It was a perfect supplement to my New York trip.
