J. L. Pete Morgan : Elite of the Fleet: Volume 1: A Guide to the Embroidered Emblems Worn by Naval Aviators, 1927 to Present before purchasing it in order to gauge whether or not it would be worth my time, and all praised Elite of the Fleet: Volume 1: A Guide to the Embroidered Emblems Worn by Naval Aviators, 1927 to Present:

1 of 1 people found the following review helpful. Good Book, Could Have Been Much BetterBy Charles P. SlatonGood Book, Could Have Been Much BetterThis is a very good book, however it could have been so much better. The photos or images of the patches are very small. It would have been a better effort had the publisher spent

the money publishing in a larger format and added more pages so that the the images could have been published at their actual size.

90 color plates 8 x 11 Exquisite color photos of more than 800 Navy aviation patches make this a must for the collector or anyone interested in military decorations. Includes patches for Top Gun units, Fighter and Attack squadrons, Aggressor squadrons, and aircraft carriers.
