John Christgau : Enemies: World War II Alien Internment before purchasing it in order to gage whether or not it would be worth my time, and all praised Enemies: World War II Alien Internment:

They were called aliens and enemies. But the World War II internees John Christgau writes about were in fact

ordinary people victimized by the politics of a global war. The Alien Enemy Control Program in America was born with the United States declaration of war on Japan, Germany, and Italy and lasted until 1948. In all, 31,275 enemy aliens were imprisoned in camps like the one described in this bookFort Lincoln, just south of Bismarck, North Dakota.

Using primary sources such as National Archives documents, FBI reports, and oral-history interviews with former prisoners, the author, in very moving and human terms, recounts the stories of individuals from a wide variety of backgrounds. . . . An excellent account. *Library Journal*
