The actual content is very interesting as well.1 of 1 people found the following review helpful. The stories of Mexican immigrants in their own wordsBy A ReviewerThis book should be required reading for anyone interested in the immigration debate that is raging in our country today. Espejos y Ventanas gives Mexican immigrants the chance to tell their stories of struggle in their own words. The Spanish is not too difficult to follow, so it's also a good read for those who are learning the language or want to brush up on it.
