AbrahamAn excellent, amazing indispensable collection of myriad articles covering religious life, family life, health, sexuality, education, culture, work, discrimination, conscription, revolutionary activity, pogroms and more, with many eyewitness accounts, notes, and references. A library in a single volume. Never dry; entertaining, and informative. If you are a Jew, particularly Ashkenazi, with Polish/Russian heritage and interested in your history, you really want this book.0 of 1 people found the following review helpful. History repeatsBy Michael BeerA must read for anyone interested what life was like. Unfortunately, we are seeing similarities in the Middle East again.

This book makes accessible—for the first time in English—declassified archival documents from the former Soviet Union, rabbinic sources, and previously untranslated memoirs, illuminating everyday Jewish life as the site of interaction and negotiation among and between neighbors, society, and the Russian state, from the beginning of the nineteenth century to World War I. Focusing on religion, family, health, sexuality, work, and politics, these documents provide an intimate portrait of the rich diversity of Jewish life. By personalizing collective experience through individual life stories—reflecting not only the typical but also the extraordinary—the sources reveal the tensions and ruptures in a vanished society. An introductory survey of Russian Jewish history from the Polish partitions (1772–1795) to World War I combines with prefatory remarks, textual annotations, and a bibliography of suggested readings to provide a new perspective on the history of the Jews of Russia.

“The variety of sources, the novelty of topics, and the rich explanatory notes should make this book useful to both beginning students and advanced scholars. It is hard to imagine that anything similar will appear in the foreseeable future. It is essential for any reader interested in Jewish religious life and Jewish life in general in the Czarist Empire.”—Religious Studies
