The Usaf's first successful jet fighter, the F-80 actually made a name for itself in combat as a strike bomber during the

Korean War. A Shooting Star also shot down the first MiG-15 lost during the campaign in what is believed to have been the world's first ever jet-versus-jet engagement. Read in this volume how the 8th and 49th Fighter Bomber Wings in Korea, F-80Cs completed an amazing 98,515, combat sorties, shot down 37 aircraft (including six MiG-15s), dropped 33,266 US tons of bombs and fired off 80,935 air-to-ground rockets. Aside from the fighter-bomber F-80C photo-recce RF-80A/Cs and 'hack' two-seat T-33s are also featured.

From the Publisher These histories of classic military aircraft showcase the best in privately owned contemporary photography, supported by scale drawings, cutaways, comprehensive text and a wealth of first hand accounts.
