W. E. B. Du Bois : Fenians, Freedmen, and Southern Whites: Race and Nationality in the Era of Reconstruction (Conflicting Worlds: New Dimensions of the American Civil War) before purchasing it in order

to gauge whether or not it would be worth my time, and all praised Fenians, Freedmen, and Southern Whites: Race and Nationality in the Era of Reconstruction (Conflicting Worlds: New Dimensions of the American Civil War):

8 of 8 people found the following review helpful. Do Not Buy The Kindle Edition By Was This Helpful? The formatting of the Kindle Edition is so poor that the book is unreadable. Do not buy it! There is a free, readable, public domain Kindle Edition of this book available. It is the better alternative. 2 of 2 people found the following review helpful. DuBois, the scholar and historian By John Will W.E.B. DuBois was a major historical and controversial figure for a long time, but what led to that role was his incredible achievements as a scholar. The thoroughness of his research especially the wealth of primary sources is very convincing in regard to the points he made. Even with all the research since he wrote the book, one can not help but become far more informed about political and economic environment that nurtured slavery and the slave trade in America. 7 of 7 people found the following review helpful. It's history and I'm learning about things I never was taught about slavery By Diana Mangum A must read, if you are interested in what really happened...back in the days when slavery was a thriving business. We were really that backward thinking. diana

First published in 1896, *The Suppression of the African Slave Trade* remains the standard work on the efforts made in the United States, from 1638 to 1870, to limit and suppress the trade in slaves between Africa and America. In the foreword to this new edition, John Hope Franklin, James B. Duke Professor of History Emeritus, and professor of legal history at Duke University, explains the attitude toward slavery at the time Du Bois wrote his book, gives a brief background of Du Bois's growth as an educator and writer, and examines the methods Du Bois used to write the book. Those doing work on the subject of American slavery will find this volume an important source book.

From the Back Cover First published in 1896, this book remains the standard work on the efforts made in the United States, from 1638 to 1870, to limit and suppress the trade in slaves between Africa and America. About the Author John Hope Franklin is James B. Duke Professor of History Emeritus and professor of legal history at Duke University. He has received more than eighty honorary degrees. His books include *From Slavery to Freedom: A History of Negro Americans*; *Racial Equality in America*; *A Southern Odyssey: Travelers in the Antebellum North*; and *George Washington Williams: A Biography*.
