John P. Langellier : Fighting for Uncle Sam: Buffalo Soldiers in the Frontier Army before purchasing it in order to gage whether or not it would be worth my time, and all praised Fighting for Uncle Sam: Buffalo Soldiers in the Frontier Army:

3 of 3 people found the following review helpful. I love reading about historyBy Michelle HI love reading about history, particularly the Civil War. This is a great book for your collection - amazing photos, amazing stories. I've read other historical books by the author and am never disappointed.2 of 3 people found the following review helpful. Five StarsBy William MetzExcellent book.1 of 2 people found the following review helpful. Great reference book.By

Dennis 8BallGreat reference book, a must read.

From the American Revolution to the present day, African Americans have stepped forward in their nation's defense. This book breathes new vitality into a stirring subject, emphasizing the role men who have come to be known as "buffalo soldiers" played in opening the Trans-Mississippi West. This concise overview reveals a cast of characters as big as the land they served. Over 150 images painstakingly gathered nearly a half century from public and private collections enhance the written word as windows to the past. Now, 150 years after Congress authorized blacks to serve in the Regular Army the reader literally can peer into the eyes of formerly enslaved men who bravely bought their freedom on the bloody battlefields of the Civil War, then trekked westward, carried the "Stars and Stripes" to the Caribbean, and pursued Pancho Villa into Mexico with John "Black Jack" Pershing.
