Richard A. Straw, H. Tyler Blethen : High Mountains Rising: APPALACHIA IN TIME AND PLACE before purchasing it in order to gage whether or not it would be worth my time, and all praised High Mountains Rising: APPALACHIA IN TIME AND PLACE:

4 of 4 people found the following review helpful. A great textbook for Appalachian History!By K. LundyGrowing up

in the mountains I grew sick of our Appalachian "enrichment" programs. Then I took a class in college with this book. It was a great introduction to the history and was a different approach to the subject that was much more inviting to me. Through using this book in class I am now much more proud of my upbringing in this area than I had been in the past. 0 of 0 people found the following review helpful. Five Stars By AllieLaw This book offers an insight look into the lives, culture, struggles, history and heritage of the Appalachian people. 0 of 0 people found the following review helpful. Great history and writing By Abigail B. I bought it for a class, but I am enjoying it very much! Great history and writing.

This collection is the first comprehensive, cohesive volume to unite Appalachian history with its culture. Richard A. Straw and H. Tyler Blethen's *High Mountains Rising* provides a clear, systematic, and engaging overview of the Appalachian timeline, its people, and the most significant aspects of life in the region. Bringing together many of the most prestigious scholars in Appalachian studies, this volume has been designed for general and classroom use, and includes suggestions for further reading. Appalachian history with its culture. Richard A. Straw and H. Tyler Blethen's *High Mountains Rising* provides a clear, systematic, and engaging overview of the Appalachian timeline, its people, and the most significant aspects of life in the region. The first half of the fourteen essays deal with historical issues including Native Americans, pioneer settlement, slavery, the Civil War and Reconstruction, industrialization, the Great Depression, migration, and finally, modernization. The remaining essays take a more cultural focus, addressing stereotypes, music, folk life, language, literature, and religion. Bringing together many of the most prestigious scholars in Appalachian studies, this volume has been designed for general and classroom use, and includes suggestions for further reading.
