Great to see my ancestors name listed By Steve Benton Great to see my ancestors name listed. I wish there had been more of historical background included on the battles instead of just lists, but it is what it is. The book was brand new, and the North won.

This is a book containing the history of the 143rd NY Regiment from Sullivan County during the Civil War, including a complete roster of officers, enlisted men, companies, battles fought and deaths, both during and shortly after the war. The book also includes a full name index.
