Geoffrey R. Walden : Hitler's Berchtesgaden: A Guide to Third Reich Sites in the Berchtesgaden and Obersalzberg Area before purchasing it in order to gage whether or not it would be worth my time, and all praised Hitler's Berchtesgaden: A Guide to Third Reich Sites in the Berchtesgaden and Obersalzberg Area:

4 of 4 people found the following review helpful. Decent review of the Berchtesgaden area for a touristBy PBOI visited Berchtesgaden a couple times in the early 1980's when I was in the Army stationed in Germany. I found this area of southern Germany captivating. As a WWII buff this place is loaded with history. I already own several books with awesome photos of this area and the Eagle's Nest. Some bought in the local bookshops.This is a nice addition to

my collection. However, it is written and geared toward a walking or driving tour of the area. If you are reading the book 7000 miles away, it is tough to "visualize" traversing the sites referenced in the book. Probably more photos and maps might have made this book excellent for an armchair general. Not a bad book, but the format could be more user friendly for the remote viewer. 6 of 6 people found the following review helpful. Do not consider traveling to this area without this book!!

By History Student This book is an invaluable resource, and is a must-have if you have an interest in this part of history or are traveling to the area. In this book you will get detailed accounts of the buildings and landmarks where history was written. Having never been there, and hoping to travel soon, this book outlines most of the most interesting and significant destinations worth visiting. With precise coordinates and estimated travel times, this work will help you plan and budget your time to ensure you schedule accordingly. The book suggests the most efficient tours, gives tips on when to visit, what to look out for, even when to get in line for certain excursions and where to stand or sit to get the best views. Each destination has along with its coordinates pictures and background stories to help put in perspective what you are looking at and the significance behind it. Whether you are a well-versed historian or a novice, you will find something new. It is possible to be interested in this history without being a sympathizer, and the author maintains a genuine interest in the history and delivers information free from any agenda one way or the other. The book is a brief read yet covers everything you need to feel like you are prepared to visit and take advantage of the time you have to look around. I cannot recommend this book enough. 1 of 1 people found the following review helpful. Where was this book when I visited Berchtesgaden years ago ...

By DaveNYC Where was this book when I visited Berchtesgaden years ago? So much history was right under my eyes then and had no way to know it then. I am loving how this book, with all its gorgeous pictures, is letting me relive my trip through new eyes.

In 1925, Adolf Hitler chose a remote mountain area in the southeast corner of Germany as his home. Hitler settled in a small house on the Obersalzberg, a district overlooking the picturesque town of Berchtesgaden in the Bavarian Alps. After Hitler became Chancellor of Germany in 1933, the Obersalzberg area was transformed into the southern seat of power for the Nazi Party. Eventually, the locale became a complex of houses, barracks and command posts for the Nazi hierarchy, including the famous Eagle's Nest, and the mountain was honeycombed with tunnels and air raid shelters. A bombing attack at the end of the Second World War damaged many of the buildings and some were later torn down, but several of the ruins remain today, hidden in woods and overgrown. Hitler's Berchtesgaden: A Guide to Third Reich Sites in the Berchtesgaden and Obersalzberg Area will help history-minded explorers find these largely forgotten sites, both on the Obersalzberg and in Berchtesgaden and the surrounding area, with detailed directions for driving and walking tours.

About the Author Geoffrey R. Walden is a former armor officer in the U.S. Army, with four military tours stationed in Germany, principally in Bavaria. He has travelled all over Germany in search of the remains of the Third Reich, and he has guided tour groups and individuals to Third Reich sites for over twelve years. Walden is the author of the "Third Reich in Ruins" webpage on the internet. He currently resides in Bavaria.
