They may have looked pretty but they were deadly opponents. Those interested in Napoleonic history can't go wrong following the exploits of Albert Rocca as he participates in many of Napoleon's campaigns.

Hussar Rocca. War to the death against the British and the Spanish guerrillas. Hussar Rocca gives an account of the Peninsular Campaign from an entirely different perspective. Albert Rocca was an officer of Napoleon's 2nd Regiment of Hussars. For him Spain was not just alien but totally hostile as well. Where British chroniclers of the Peninsula berate the qualities of the Spanish armies, Rocca knew that his life was constantly under threat from not only the enemy armies but also from a population who would kill an unwary or isolated Frenchman in a moment. This is a riveting account made more readable in this Leonaur edition by reworking a previously clumsy translation.
