By Wild Thing Foodie I bought this instead of his Eleven Madison Park cookbook. Glad I did. It compliments my New York cookbook that I bought years ago. Quite an undertaking, but glad to read it through the eyes of Daniel Humm. As it is will be used more of a coffee table book, I wouldn't pay full price for it. Glad I bought it heavily discounted from a second seller. 0 of 0 people found the following review helpful. Beautiful book By celine S. Disclaimer: I will not talk about the recipes themselves as we haven't cooked one yet. I got this as a Christmas gift to my husband as it a beautiful object first. There are so many cookbooks out there, you might as well gift a pretty one. When I went through the pages I saw almost all of the recipes

had images which I know is important for the person the gift was intended to. I also loved the fact that it features farms from the NY state, and that some of the recipes were around products we don't find commonly in American cookbooks like foie gras. Great buy!

From the acclaimed team behind Manhattan's three-Michelin-starred Eleven Madison Park restaurant comes this deluxe cookbook showcasing the foods, ingredients, and culinary history of New York. After landing rave reviews for their transformation of Eleven Madison Park from a French brasserie into a fine dining restaurant, chef Daniel Humm and general manager Will Guidara decided to refashion Manhattan's ultimate destination restaurant into a showcase for New York's food artisans. Instead of looking abroad for inspiration, Humm and Guidara headed to their own backyards, exploring more than fifty farms in the greater New York area and diving into the city's rich culinary heritage as a cultural melting pot. In *I Love New York*, Humm and Guidara present an in-depth look at the region's centuries-old farming traditions along with nearly 150 recipes that highlight its outstanding ingredients—from apples, celery root, and foie gras to nettles, pork, scallops, and venison. Included among these dishes designed explicitly for the home cook are reinterpretations of New York classics, like Oyster Pan Roast, Manhattan Clam Chowder, and the Bloody Mary. Lushly illustrated with photographs of the area's dramatic landscapes and the farmers who tend the land, this unique ode introduces the concept of New York regional cuisine as it celebrates the bounty of this exceptional state.
