**Martha and Bill Reamy : Immigrant Ancestors of Marylanders, as Found in Local Histories** before purchasing it in order to gage whether or not it would be worth my time, and all praised Immigrant Ancestors of Marylanders, as Found in Local Histories:

10 of 11 people found the following review helpful. Not what I was hoping for...By Alicia D. WattI got this because it is the source of a record I found at Ancestry.com and I wanted more "first hand" information. Well, this is NOT first hand - it's another compilation of older family histories - not even RECORDS. AND the entry I was looking at was wrong anyway...total waste of time and money for me personally, but maybe someone will find it useful...

Data abstracted from Maryland histories that name immigrant ancestors, and in most cases provide information on at least one generation in America. Many entries give family residence in the old country.
