From George Mason University : Immigrant Struggles, Immigrant Gifts before purchasing it in order to gage whether or not it would be worth my time, and all praised Immigrant Struggles, Immigrant Gifts:

0 of 0 people found the following review helpful. Great book to haveBy stephen johnsonGreat book to have. Even though I ordered it for my class, and we really didn't use it too much, its still a great reference point.

The latest book from the Immigrant Learning Center addresses some of the most prominent immigrant groups and the most striking episodes of nativism in American history. The introduction covers American immigration history and

law as they have developed since the late eighteenth century. The essays that follow--authored by historians, sociologists, and anthropologists--examine the experiences of a large variety of populations to discover patterns in both immigration and anti-immigrant sentiment. The numerous cases reveal much about the immigrants motivations for leaving their home countries, the obstacles they face to advancement and inclusion, their culture and occupational trends in the United States, their assimilation and acculturation, and their accomplishments and contributions to American life.
