**Colleen Burcar : It Happened in Michigan: Remarkable Events That Shaped History (It Happened In Series)** before purchasing it in order to gage whether or not it would be worth my time, and all praised It Happened in Michigan: Remarkable Events That Shaped History (It Happened In Series):

2 of 2 people found the following review helpful. Wonderful book about Michigan history!By NancyThis is a

wonderful book about Michigan history! Short, precise narratives about events and people that shaped the state. An interesting and informative collection about a variety of topics (30 to be precise) including the Toledo War, a dangerous and exciting logging jam, the storm of 1913, building Mackinac Bridge, the "Wedding Capital of the Midwest" and my personal favorite, the Japanese Balloon Bombs! Michigan has a unique 300 year history (200 years before the automobile) and this book brings alive many events that only historians have researched. Each narrative is a mere three pages in length so you get just the bare facts of the story. If you want to learn more, Colleen Burcar has provided a bibliography for each topic to facilitate further research. It's a great book, I highly recommend it! 0 of 0 people found the following review helpful. Neat book

This is a neat little book for a Michigan lover. We purchased for a teacher who loves to teach state history. She has enjoyed reading it immensely. 0 of 0 people found the following review helpful. I love history and this is a great history of the ...  
By Jo Miller  
I love history and this is a great history of the state of Michigan. I learned things that I never knew about the state and I grew up in Michigan. Even learning Michigan history in school never told of the events in this book. I will read it again and again.

This book offers an inside look at over 25 interesting and unusual episodes that shaped the history of the Great Lakes State.
