.com This grand collection of paintings by the accomplished historical artist Mort Kunstler makes the past come alive on canvas. Generals Stonewall Jackson and Robert E. Lee appear in most of the paintings, but not all of them. Union colonel Joshua Chamberlain's glorious charge down Little Round Top on the second day of the Battle of Gettysburg is included, for example, as are portraits of General Ulysses S. Grant and others. What's more, Jackson Lee isn't just a picture book, although it would be a worthwhile investment for that element alone. The text, written by acclaimed Jackson biographer James I. Robertson Jr., provides an interesting narrative about Jackson and Lee and their relationship. Mort Kunstler's Civil War paintings capture encounters between two great Civil War leaders, with accompanying text examining the course of their two lives and encounters. Use this as both a work of art with fine color paintings, and as an excellent historical text. -- Midwest Book About the Author Mort Künstler has been enthralled with the Civil War since his first painting commemorating the battle of Gettysburg.
