Michael J. Gething, Gunter Endres : Jane's Aircraft Recognition Guide Fifth Edition (Jane's Recognition Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Jane's Aircraft Recognition Guide Fifth Edition (Jane's Recognition Guides):

0 of 0 people found the following review helpful. Five StarsBy RiverWisdomVery nicely done, but could be better organized. Would buy it again.0 of 0 people found the following review helpful. Five StarsBy CustomerGood! When may we expect the sixth edition?0 of 0 people found the following review helpful. Jane's makes great stuff and this book is goodBy L. BrennanJane's makes great stuff and this book is good. As a recognition guide this leaves a lot to be desired. I was hoping for a useful guide maybe with some flow charts to help aid in aircraft identification, but there's nothing like that in here.

The essential guide to the world's aircraftOver 500 color photographsCivilian and military aircraftTechnical dataRecognition silhouettesAircraft markings identification guide

The most comprehensive guide to modern aircraft available to the general public has been completely revised to reflect major changes in the world's air forces and developments in the civil aviation business. Illustrated with line drawings, recognition silhouettes and brand new photographs.From the PublisherThe essential guide to world aviation,Jane's Aircraft Recognition Guide is the most comprehensive single volume on modern aviation. Over 500 military and civil aircraft are included, providing unrivaled coverage of every major aircraft type flying today. It includes: Three View Recognition Silhouettes Descriptive Text and Technical Data Over 500 Photographs.About the AuthorGunter Endres is an aviation consultant and writer.
