From Brand: NYU Press : Jewish Radicals: A Documentary Reader (Goldstein-Goren Series in American Jewish History) before purchasing it in order to gage whether or not it would be worth my time, and all praised Jewish Radicals: A Documentary Reader (Goldstein-Goren Series in American Jewish History):

0 of 0 people found the following review helpful. A fantastic glimpse into the life of old-left Jewish radicals By Bob Goise This was just the book I was looking for. A way to connect with my radical Jewish immigrant roots without it

being heavily focused on the religious aspects of Judaism. It's also a quick read in that each section is only a few pages long. 1 of 1 people found the following review helpful. Important BookBy discriminating 1This book is extremely well researched and well written. It's an important part of American history and is very relevant in current times. I highly recommend it.

Winner of the 2013 New York Book Show Award in Scholarly/Professional Cover Design

"Recommended for upper-division undergraduates through researchers/faculty."-CHOICE This book will stimulate the mind and gladden the heart of anyone who cares about the history of American Jews or the American left and the always close, if eternally tempestuous relationship between them. Tony Michels has assembled a feast of documents and is an expert guide to their meaning and context. -Michael Kazin, author of *American Dreamers: How the Left Changed a Nation*"He has made an important contribution to our understanding of one significant aspect of American Jewish history"-*The Jewish Chronicles*"From America's leading historian of Yiddish-speaking radicalism comes this rich anthology of contemporary Jewish-American voices from the 1880s through the 1940s. Among the diverse experiences and points of view reflected here, Michels convincingly identifies three dominant threads: socialist awakening as a rite-of-passage, the agony and ecstasy of political struggle, and Yiddish-based education as a labor-centered project with an uncertain agenda for national emancipation." -Leon Fink, editor of *Labor Studies in Working-Class History of the Americas*"Whether devoured in big chunks, or savored in small bites, *Jewish Radicals* is a fun and fortifying read."-*Jewish Currents*"Michels has assembled a fine collection of primary sources, one that successfully illuminates the experiences of Jewish radicals and uncovers many unknown and remote voices. This book will appeal to both lay readers and a scholarly audience."-Evan C. Rothman, *Yearbook of German-American Studies*"[Michels] has made an important contribution to our understanding of [a] significant aspect of American Jewish history."-*Buffalo Jewish* About the Author Tony Michels is George L. Mosse Associate Professor of American Jewish History at the University of Wisconsin, Madison. He is the author of *A Fire in Their Hearts: Yiddish Socialists in New York* (2005).
