Unlike most main stream "anti-semitism" that is portrayed in the media, these opinions [or facts rather] were compiled from a flawless collection of sources and rock solid evidence. The logic is easy to follow and flawless. This man is incredibly smart and I encourage anyone with doubts to view his website too.Finally I'd like to share this quote.“You must understand that the leading Bolsheviks who took over Russia were not Russians. They hated Russians. They hated Christians. Driven by ethnic hatred they tortured and slaughtered millions of Russians without a shred of human remorse.More of my countrymen suffered horrific crimes at their blood stained hands than any people or nation ever suffered in the entirety of human history. It cannot be overstated. Bolshevism committed the greatest human slaughter of all time.The fact that most of the world is ignorant or uncaring about this enormous crime is proof that the global media is in the hands of its perpetrators.” – Aleksandr Solzhenitsyn [Solzhenitsyn was not only a Russian novelist and noted historian, but also a survivor of Stalin’s Gulag. His Gulag Archipelago remains an International Classic. He was awarded the Nobel Prize in literature in 1970 and was finally expelled from the Soviet Union in 1974. He has been honored by some of the top universities in the West. He was a genius]14 of 18 people found the following review helpful. Telling The Truth is Dangerous in USA.By

mascm7David Duke is attacked viciously by the Israeli Lobby because he wrote a 70 page booklet detailing who owns the mass media detailing their names who are 95% of Hebrew extraction which most Americans do not know. In USA if you tell the truth about certain groups you will be demonized viciously. This book is very detailed so covers a long time span.9 of 11 people found the following review helpful. Excellent!!By CustomerDavid Duke is another historian that has shown the courage to stand up to "who really runs things" in this country and the world. This book is well worth the time. It will give you a whole different perspective on contemporary problems in this country.

In the first few pages of Jewish Supremacism, Duke quotes Dr. Richard Steinlight, a former head of National Affairs for the largest Jewish organisation in the United States. Here is the quotation taken from a 2001 magazine article written by Dr. Steinlight:- 'I'll confess it at least, like thousands of other typical kids of my generation I was reared as a Jewish nationalist, even a quasi-separatist. Every summer for two months of ten formative years... I attended Jewish summer camp. There, each morning, I saluted a foreign flag, dressed in a uniform reflecting its colours, sang a foreign national anthem, learned a foreign language... and was taught the superiority of my people to the 'Gentiles' who oppressed us. 'We were taught to view non-Jews as... people less sensitive, intelligent and moral than ourselves.' This method of quoting major Jewish figures and sources is used hundreds of times in Duke's book to advance his thesis that there is a powerful Jewish supremacist element in Judaism and Zionism that threatens not only the freedom of the Palestinian people but all nations, including the United States. Duke also uses direct quotes from the Talmud and other major Jewish sources, such as the Jewish Encyclopedia to expose a long-standing cadre of hateful, anti-Gentile Jewish supremacists. Shocking quotes are displayed from major Jewish magazines that boast of a Jewish supremacy over the media and politics of the United States. He finds disturbing and hateful words from Jewish leaders, such as Ariel Sharon, which openly support genocide, and he reveals quotations from Israeli leaders who equate Zionism and Nazism. Of course, he also cites many prominent Gentiles of historical and contemporary times, but the Jewish quotations and sources have the greatest power. Frankly, they are so convincing that Jewish leaders have sought to get the book banned in many nations.
