By Christian Swain Certainly John Lennon is the main attraction to this book, but the detail and the time it took to complete this case is extraordinary. Mr. Wilde's went far above and beyond a normal immigration case because he had the resources, the complete support of John and Yoko Lennon, as well as a host of famous and not so famous names. If you're interested in a moment of rock 'n' roll history, off the beaten path, then I highly recommend this book. 0 of 0 people found the following review helpful. By Customer I love this book Not because I love the Beatles and John Lennon and that I was 14 yrs old when my first concert was the one to one concert at MSG (evening) on August 30, 1972. Let me just say there should be more people like Leon Wildes. 0 of 0 people found the following review helpful. Great read! By Ludwig Bravmann Very well written, amazing story in US history that many of us had either forgotten and many others never new about.

At a time when the hottest issue in US immigration law is the proposed action by President Obama to protect from deportation as many as 5 million illegals in the United States, the 1972 John Lennon deportation case takes on special relevance today, notwithstanding the passage of forty years since he was placed in deportation proceedings. For the first time, noted New York immigration attorney Leon Wildes tells the incredible story of this landmark case John Lennon vs. The U.S.A. -- that set up a battle of wills between John Lennon, Yoko Ono, and President Richard Nixon. Although Wildes did not even know who John Lennon and Yoko Ono were when he was originally retained by them, he developed a close relationship with them both during the eventual five-year period while he represented them and thereafter. This is their incredible story.

About the Author Leon Wildes (New York, NY) is the founding member and senior partner of Wildes Weinberg P.C., a distinguished immigration law firm in New York City, and has practiced immigration law since 1960. In 1970, he served as National President of the American Immigration Lawyers Association, a bar association for immigration lawyers. He is the recipient of the AILAs Edith Lowenstein Award for Outstanding Contributions to the Field of Immigration Law. A prolific writer, Wildes has published many articles on aspects of immigration law including five law review articles (in the San Diego Law and Brooklyn Law) concerning the Lennon case litigation and has spoken before numerous legal and other groups. He was featured in the documentary film The US versus John Lennon and did promotional interviews for the film.
