Text Content is fantasyBy JL VanhieThe text from Peter Harrington is full of historical mistakes and inventions, in almost each chapters.(ex: Napoleon escaped from St Helena, Desaix was a Marshall at the battle of Marengo, Borodino was a French defeat,...)If this is what Osprey Publishing's historical integrity is becoming, I'll buy somewhere else where content can be trusted.Too bad because the art work from Rocco is great.0 of 1 people found the following review helpful.
