Richard Holmes : The Napoleonic Wars Experience before purchasing it in order to gage whether or not it would be worth my time, and all praised The Napoleonic Wars Experience:

8 of 8 people found the following review helpful. Very CoolBy CustomerFor anyone interested in the Napoleonic Wars this is a must. It only gives a general overview of the history, but it has maps, dispatches, period art and all manner of little immersive items to give you the "feel" of the era. It is more a work of art than a history book. My wife called it a "pop-up book for history nerds." Don't buy this item thinking you're getting a concise history book or an osprey book with color plates. This is all icing and little cake, but it is cool for a history nerd like me.3 of 3 people found the following review helpful. Good period maps and papers. Short substance.By Dan GriffinThe book was entertaining with good illustrations. The period maps were interesting. My copy was missing the maps and enclosed papers for the Wagram campaign when I received it new. I would've liked the book to have more substance on the campaigns and battles. It was only about 80 pages, and those mostly of illustrations and biography side notes. After seeing the book now, I'll probably resell it.Thanks,Philosophisor1 of 2 people found the following review helpful. Worth ItBy JubielIf you are a history buff.....and I am.....or, an occasional history teacher in college.....and I am.....this is a great book full of interesting extras

Hailed as "the ultimate Napoleonic book" by Military Illustrated magazine, this is popular history at its most engrossing. Complete with facsimiles of key documents, it's a vivid introduction to Napoleon's astonishing career and his effect on world history. Best-selling author Richard Holmes brings the era's great battles to life while he recounts in detail how Napoleon transformed the French nation, forging a pattern that shapes modern governments to this day.

About the Author Professor Richard Holmes is author of a string of bestsellers, including *The D-Day Experience* (over 200,000 copies sold). He has presented seven documentary series for the BBC including "War Walks"
