Gregory Fremont-Barnes : The Napoleonic Wars: The Fall of the French Empire 1813-1815 (4) before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Napoleonic Wars: The Fall of the French Empire 1813-1815 (4):

0 of 0 people found the following review helpful. Good information and facts for those of us who are ...By 2017 lesson Good information and facts for those of us who are not historians but are interested in being more knowledgeable about this time frame. The facts, dates matched what is remembered from the history classes. 0 of 0 people found the following review helpful. A precise description of Napoleonic Wars By Susruta Bandyopadhyay A precise volume, it

deals with last 2 years of Napoleons rule . The author has dealt with many aspects in detail. However , as the title of the book is " The Napoleonic Wars " , the individual battles required a more detailed descriptions . This is missing. The last chapter , dealing with an evaluation of the personality the genius of Napoleon is short but absolutely to the point .0 of 0 people found the following review helpful. Five StarsBy Kindle CustomerArrived on time and as advertised. I will order from this vendor again.

This volume covers Napoleon's gradual fall from power, beginning in the spring of 1813, when France prepared to face the vengeance of Russia and Prussia. quickly raising new armies composed of inexperienced conscripts and invalided veterans, and with a critical shortage of cavalry, Napoleon resolved to preserve his empire in Germany, where he initially managed to achieve some hard-fought victories. When at last Austria threw in her lot with the Allies and the epic Battle of Leipzig followed, Napoleon was forced to retreat across the Rhine, there to resist the onslaught on home soil. The pressure against him proved too great, and with Paris lost and his marshals refusing to fight on, no option remained but abdication. Yet his last battle, and one of the most decisive in military history, was still to come: Waterloo.

"I am most favorably impressed by the Essential Histories series on the American Civil War. Written by four of the best historians of the military course of the war, these volumes provide a lucid and concise narrative of the campaigns in both the Eastern and Western theaters as well as penetrating analyses of strategies and leadership. Ideal for classroom use or fireside reading."From the PublisherThis unique series studies every major war in history looking at all the aspects of war, from how it felt to be a soldier to the lasting impact of the conflict on the world around it.About the AuthorGregory Fremont-Barnes holds degrees in history from the University of California, Berkeley (BA), the University of Chicago (MA) and the University of Oxford (D. Phil.). Since 1993 he has lectured in British and American history in Japan, principally at Kobe University. He is the author of *The French Revolutionary Wars* (2001) and *The Peninsular War* (2002) and numerous articles on British diplomatic and military history.
