**Admiral David D. Porter : The Naval History of the Civil War** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Naval History of the Civil War:

2 of 2 people found the following review helpful. Book reviewBy JimbobHave not read the entire book yet, in fact have only made it just to the attack on Fort Sumter. The narrative is dry thus far and has not grabbed my interest the way Shelby Foote's History of the Civil War did.0 of 0 people found the following review helpful. I received a book which on the cover was labelled ...By Tom MunroeI received a book which on the cover was labelled The Naval History of the Civil War. The text is a book on religion among early Native Americans, not the book identified on the cover.0 of 0 people found the following review helpful. Unreadable ScanBy TobyThe ebook is unreadable. The scan was made from double columns with intervening illustrations, so when you hit an illustration, you have to go hunting

for the rest of the previous sentence. Then you have to hunt your way back.

An authoritative 19th-century history, based on official records and other documents, chronicles the navy's role in the war from the opening shots to the desperate final months. Highlights include the fight between the Monitor and the Merrimac, the capture of Fort Henry and Fort Donelson, the Red River Expedition, and much more. Numerous illustrations.
