William Sheridan Allen : The Nazi Seizure of Power: The Experience of a Single German Town, 1922-1945, Revised Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised The Nazi Seizure of Power: The Experience of a Single German Town, 1922-1945, Revised Edition:

1 of 1 people found the following review helpful. Good for studentsBy Karl KrotkeExcellent read about Nazi Germany. Good for undergraduate students.0 of 0 people found the following review helpful. The story of the Nazis in

one small town is captured in great detail. It is a book well worth reading. By William F. Norworthy This is an amazingly researched book. The story of the Nazis in one small town is captured in great detail. It is a book well worth reading. 0 of 0 people found the following review helpful. Gives a Great Understanding. By happyshopper This book explains much of what went on in that town during that time. After reading this book, I've a much better understanding of what happened and why things happened the way they did. Through the author's writing, you can really see the path developing over the years. I truly learned many new things from this book. If you're interested in this subject, I very much recommend this book for its information and for its presentation. It gets a BRAVO from me.

BE SURE YOU ARE BUYING THE CORRECT BOOK. THE ISBN FOR THE NEWEST PAPERBACK EDITION OF THE NAZI SEIZURE OF POWER IS 978-1626548725. IT IS PUBLISHED BY ECHO POINT BOOKS MEDIA. William Sheridan Allen's research provides an intimate, comprehensive study of the mechanics of revolution and an analysis of the Nazi Party's subversion of democracy. Beginning at the end of the Weimar Republic, Allen examines the entire period of the Nazi Revolution within a single locality. Tackling one of the 20th century's greatest dilemmas, Allen demonstrates how this dictatorship subtly surmounted democracy and how the Nazi seizure of power encroached from below. Relying upon legal records and interviews with primary sources, Allen dissects Northeim, Germany with microscopic precision to depict the transformation of a sleepy town to a Nazi stronghold. In this cogent analysis, Allen argues that Hitler rose to power primarily through democratic tactics that incited localized support rather than through violent means. Allen's detailed, analysis has indisputably become a classic. Revised on the basis of newly discovered Nazi documents, *The Nazi Seizure of Power: The Experience of a Single German Town, 1922–1945* continues to significantly contribute to the understanding of this prominent political and moral dispute of the 1900s. William Sheridan Allen (1932–2013), a distinguished scholar of German history, traveled to the small town of Northeim in the 1950s to investigate the true nature of the Nazi Party's rise to power. There he conducted an exhaustive study of local newspapers, periodicals, reports, budget information, crime statistics, and court cases dating from 1922–1945. *The Nazi Seizure of Power* synthesizes Allen's research. Allen also edited and translated *The Infancy of Nazism: The Memoirs of Ex-Gauleiter Albert Krebs, 1923–1933*.
