**Robert P. Watson : The Nazi Titanic: The Incredible Untold Story of a Doomed Ship in World War II** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Nazi Titanic: The Incredible Untold Story of a Doomed Ship in World War II:

2 of 2 people found the following review helpful. A worthwhile read by a prolific writer of history. By girasoleRobert

Watson has researched very well and writes a compelling story about the horrors and one of many conspiracies of WWII, along with a skillful narrative. A very good read. The only drawback this reader found was that there are so many people involved that at times it was not easy to remember them all. 1 of 1 people found the following review helpful. Who sank this ship? Ultimately, the German's. By Jacquelyn J. Caccia Originally planned to be a jewel in Germany's crown, this ship was ultimately used as a troop transport and finally was used to more concentration camp prisoners who worked for German industrialists. The ship was sunk at the end of the war killing the prisoners. The author gives a clear explanation of the events. I highly recommend this life time know episode of WWII history. 3 of 4 people found the following review helpful. Little known piece of history By Ldympr I have to admit when this book came up on my recommendation list, I thought it must be a joke, by the title alone. One of the news shows I watched went into more depth with their author. I checked the price, a little high for me. After three days I decided to get it. I'm very glad I did. A well written book with plenty of research involved. As with many stories of the war, there are few happy endings. Thank you for the tenacity to flesh this story out. Anyone interested in this time period should read this book. My hope is that some of these families find comfort in the final resting places of family members. Thank you for your hard work My great uncle was on a hell ship, he made it home. He never even knew about this ship.

Built in 1927, the German ocean liner SS Cap Arcona was the greatest ship since the RMS Titanic and one of the most celebrated luxury liners in the world. When the Nazis seized control in Germany, she was stripped down for use as a floating barracks and troop transport. Later, during the war, Hitler's minister, Joseph Goebbels, cast her as the "star" in his epic propaganda film about the sinking of the legendary Titanic. Following the film's enormous failure, the German navy used the Cap Arcona to transport German soldiers and civilians across the Baltic, away from the Red Army's advance. In the Third Reich's final days, the ill-fated ship was packed with thousands of concentration camp prisoners. Without adequate water, food, or sanitary facilities, the prisoners suffered as they waited for the end of the war. Just days before Germany surrendered, the Cap Arcona was mistakenly bombed by the British Royal Air Force, and nearly all of the prisoners were killed in the last major tragedy of the Holocaust and one of history's worst maritime disasters. Although the British government sealed many documents pertaining to the ship's sinking, Robert P. Watson has unearthed forgotten records, conducted many interviews, and used over 100 sources, including diaries and oral histories, to expose this story. As a result, *The Nazi Titanic* is a riveting and astonishing account of an enigmatic ship that played a devastating role in World War II and the Holocaust. "Fascinating, insightful, and dramatic, Robert Watson's *The Nazi Titanic* offers a unique story from WWII—a single ship whose tumultuous history unfolds as a metaphor for the Nazi ship of state. Readers will be caught up in a compelling and often startling voyage."—Howard Blum, author of *The Last Goodnight* and *Dark Invasion*

"Robert Watson has brought to vivid life with extensively researched detail the powerful story of this singular ship and the harrowing plight of those sent to a tragic fate in the final hours of the War. It is a riveting, little-known story of disaster and, for all too few, survival."—Deborah Oppenheimer, Academy Award-winning film producer of *Into the Arms of Strangers*

"Robert Watson has told the story of the voyage of the Cap Arcona with poignancy and power and, above all, with fidelity to history and respect for those whose lives were lost. *The Nazi Titanic* is a story worth telling—unpredictable and unendingly interesting. Watson's prodigious research and mastery of the art of storytelling shine forth in every page. How sad and how angry this reader felt when the great ship went down."—Michael Berenbaum, prominent Holocaust scholar, author, filmmaker, and Director of the Sigi Ziering Institute

"Set with great skill within the larger contest of the war, the Holocaust, and several of its principal perpetrators, this long suppressed, gripping, and moving story is told with the historian's rigor and the narrative artistry of the gifted storyteller. Unforgettable!"—Rabbi David Gordis, President-Emeritus of Hebrew College

Praise for *The Nazi Titanic*

*Deseret News*, 4/10/16 "A well-researched book... More of a history of the end of World War II rather than simply a story of a ship."

*New York Post*, 4/24/16 "Reveals a little known chapter of the Third Reich." Library Journal (starred review), 5/1/16 "This work has much to offer both scholars and casual readers. Anyone interested in the maritime history of the Third Reich will enjoy."

*Daily Mail (UK)*, 5/12/16 "[Watson] details the tragicomic catastrophe of the Nazis' most ambitious film venture and the terrible fate of the cruise liner that stood in for the Titanic."

*New York Journal of Books*, 5/15/16 "An easily read, well-written, and interesting story of a largely unknown event of World War II... This story needed to be told lest we forget."

Advance praise for *The Nazi Titanic*

"The *Nazi Titanic* is a superb marriage of deep research and first class storytelling—a fascinating tale of a German luxury liner whose fate eerily and tragically mirrored that of the Third Reich."—Alex Kershaw, *New York Times* bestselling author of *The Bedford Boys* and *The Longest Winter*

"Wow! What an incredible and tragic story. Just when you think nothing more could be written about what the Jewish prisoners suffered during the Holocaust, along comes this remarkable account. I cried with pain at Professor Watson's portrayal of hell during the final days of World War II. A must read for anyone who cares about the brutality of war."—Alan Dershowitz, acclaimed Harvard Law School professor and award-winning author

"Combining rigorous scholarship with a compelling You-Are-There narrative, *The Nazi Titanic* is at once fascinating, engaging, chilling, and revelatory. It's a journey everyone should undergo."—Martin Goldsmith, classical

music radio host and author of *The Inextinguishable Symphony* and *Alex's Wake*
