**Saburo Ienaga : The Pacific War: 1931-1945 (Pantheon Asia Library)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Pacific War: 1931-1945 (Pantheon Asia Library):

0 of 0 people found the following review helpful. Militarism hijacks a nation and leads it into warBy RichardjfAn account of how the Japanese nation became involved in a campaign of conquest in Asia that led to war in Asia and the Pacific.I found the descriptions of how the military gradually took over the nation before the war and brainwashed its citizens into militaristic values fascinating. I kept thinking, "Could it happen in modern times? If so, how?"1 of 1

people found the following review helpful. I've loved his work for some timeBy S. JamisonI've loved his work for some time. What an absolute asset he was to both Japan and the rest of the world. I strongly recommend reading this book as it gives a more accurate detailed history and insight into the minds of the Japanese elite prior to and during WW2.1 of 1 people found the following review helpful. Five StarsBy Bill JandrewGood treatment of the entire war, not just the European side of the conflict.

A portrayal of how and why Japan waged war from 1931-1945 and what life was like for the Japanese people in a society engaged in total war.

"A damning indictment—extensively documented—of Japanese imperialism, discrimination, and barbarity overseas." —Kirkus sFrom the Inside FlapA portrayal of how and why Japan waged war from 1931-1945 and what life was like for the Japanese people in a society engaged in total war.From the Back Cover"The Pacific War provides knowledge of what went on in Japan and in the conquered territories during World War II in elaborate and sometimes terrifying detail. I believe that no one can really understand contemporary Japan and its policies unless he is acquainted with the grim Saburo Ienaga presents.
