William Moore, Charles Berlitz : The Philadelphia Experiment: Project Invisibility: The Startling Account of a Ship that Vanished-and Returned to Damn Those Who Knew Why... before purchasing it in order to gage

whether or not it would be worth my time, and all praised *The Philadelphia Experiment: Project Invisibility: The Startling Account of a Ship that Vanished-and Returned to Damn Those Who Knew Why...*:

1 of 1 people found the following review helpful. Five Stars
By pushaI believe another governmental cover-up. It proves we are not ready for technology we can not control.

By WAZMANGreat book about The Philadelphia Experiment, great price with fast ship.
0 of 0 people found the following review helpful. Not about the experiment!
By The TravelerAs another reviewer points out, this book does not tell about the invisibility project itself. It merely offers theories and information from "mysterious" people. A strange not satisfying book on a subject I wanted to know a lot more about.

One day in 1943, at the Philadelphia Navy Yard, something happened . . . Suddenly the U.S.S. Eldridge, a fully manned destroyer escort, vanished into a green fog, within seconds appeared in Norfolk, Virginia, and then reappeared in Philadelphia! For over thirty-six years officials have denied this, have denied any experimentation to render matter invisible -- have denied the reality of THE PHILADELPHIA EXPERIMENT. If so, why --* were all the men aboard ship who survived discharged as mentally unfit?* did a scientific researcher on the project meet a mysterious death?* were identities hidden, documents lost, and amazing connections between UFO sightings and events in the Bermuda Triangle denied? THE PHILADELPHIA EXPERIMENT -- the first full-length documented report on a chilling unsolved mystery that's been discussed for years. Now, official documents and first-hand stories have been revealed. Here is the truth in a report so shattering it is difficult to believe it's NOT fiction.

From the Inside Flap
One day in 1943, at the Philadelphia Navy Yard, something happened . . . Suddenly the U.S.S. Eldridge, a fully manned destroyer escort, vanished into a green fog, within seconds appeared in Norfolk, Virginia, and then reappeared in Philadelphia! For over thirty-six years officials have denied this, have denied any experimentation to render matter invisible -- have denied the reality of THE PHILADELPHIA EXPERIMENT. If so, why --* were all the men aboard ship who survived discharged as mentally unfit?* did a scientific researcher on the project meet a mysterious death?* were identities hidden, documents lost, and amazing connections between UFO sightings and events in the Bermuda Triangle denied? THE PHILADELPHIA EXPERIMENT -- the first full-length documented report on a chilling unsolved mystery that's been discussed for years. Now, official documents and first-hand stories have been revealed. Here is the truth in a report so shattering it is difficult to believe it's NOT fiction.
About the Author
William Moore is the co-author (with Charles Berlitz) of *The Philadelphia Experiment* and *The Roswell Incident*. Charles Berlitz, the author of *The Bermuda Triangle*, was a renowned linguist, lecturer, and underwater explorer. In addition to *The Bermuda Triangle*, which has sold over 10 million copies in twenty-three languages, Berlitz wrote other best sellers on archaeology, languages, Atlantis, and underwater exploration. He died in 2003.
