**Greg Nickles : The Poles (We Came to North America (Hardcover))** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Poles (We Came to North America (Hardcover)):

0 of 0 people found the following review helpful. Loved this bookBy Marnette BowenI loved this wonderful book about the Polish. It provided me with an excellent explanation of what was happening in Poland to cause emigration to America.And it provided an excellent description of Polish culture and life.The photographs enhanced the information beautifully.This is a beautifully written book. It provided me with excellent information. I highly recommend it.0 of 0 people found the following review helpful. A Little More Information about We Came to North America: The Poles by The Antiquarian ResourceBy MarthaBook written by Greg Nickles and published by Crabtree Pub. Co., Brown Partworks, Ltd., 2001, 32 pages, 9" by 11" paperback.Designed for older children (age 8 up), each page shows small newsy-style articles, about 100 words each, with two or more illustrations per page, many of them large or color. The format and text are lively enough to draw children in and adults as well. The book discusses the journey of

immigration for the Polish, WW II, the Catholic heritage, the Pope, first-hand historical accounts, celebrations and culture, current famous Poles. Book is indexed and has a glossary. I enjoyed it as a quick (adult) read and found the info interesting and would recommend it to anyone and their children who are learning about Polish people, heritage recent history. The Antiquarian Resource

Introduces the history of the Polish in America and discusses why they came to America, where they settled, and the culture and traditions they brought with them.
