Jacqueline Everett : The Road to Waterloo before purchasing it in order to gage whether or not it would be worth my time, and all praised The Road to Waterloo:

0 of 0 people found the following review helpful. The most original book I've read in a long time.By CustomerThis is a historical novel of England towards the end of the Napoleonic Wars. Unlike most historical novels (and most history), *The Road to Waterloo* revolves around the thoughts and feelings of a few members of the rural working class. It does so by exhibiting small-scale detail. An example: the rigid class system is so overpowering that none of the characters can see it at all, except when one of them quotes from the books of Tom Paine.The book didn't take over my emotions in the way that Dumas does, but I did care about and sympathize (*pace* Vladimir Nabokov, the stuck-up idiot) with the characters.0 of 0 people found the following review helpful. I have to admit, I did not finish this ...By Debi AlexanderI have to admit, I did not finish this book, which is very unusual for me. It plodded. I just could never get into it.0 of 0 people found the following review helpful. Slow tedious read.By Norman A YeagerA slow tedious read! If you have anything else to read, read it before reading this book.
