sense of what many typical soldiers of that day may have gone through. Also given the fact that 25% of all Union soldiers Or foreign born. It's interesting how German immigrants or in some cases treated unfairly. You wouldn't think it is there's so many cold American traditions that actually came from these German immigrants. Like the idea of barbeques and many parties on a sunday or the idea of hot dogs at the baseball game. At any rate while this book doesn't talk about those issues it's good to see a book that talks about the history of an important regimen.0 of 0 people found the following review helpful. Five StarsBy W R GroppVery interesting information about the Civil War. My Grandfather, Henry Gropp, was involved with many battles.0 of 0 people found the following review helpful. Made up largely of German immigrants, the 26th Wisconsin served in the Union's ill-fated XI Corps at Chancellorsville and Gettysburg, and later participated in Sherman's March to the Sea.
